The Netherlands-Israel Society is a society for friendship between the Netherlands and the State of Israel as well as the Jewish people since 1950. The aim of our society is to evoke and deepen the interest in both of them. We try to do this by organizing lectures, concerts, cultural events etc. The Netherlands-Israel Society wants to contribute to a better understanding of Israel as a Nation that is involved permanently in a struggle to be able to live in safety between internationally recognised borders.
